

SUMMER CAMP INTERNATIONAL SCHOOL PENISCOLA

From 26th June to 11th August

For the Summer Camp 2017 we suggest the following combination of activities:

Routines:

The main aim of this section is to maintain and consolidate all those notions or subjects that are more relevant throughout the course. Each day we will dedicate a period of time to strengthen subjects and do the summer homework.

English:

As it is very important for every language to be in daily contact with it, our daily classes in English are maintained likewise throughout the school year, encouraging conversations in English with the aim to improve fluency, so they can be combined with the *Intensive Campus for Cambridge Exam Preparation* depending on ages, with listening, writing and speaking workshops.

Dates for the **Cambridge official exams**:

- Friday 21st July: Starters, Movers and Flyers exams (8 to 12 years old)
- Tuesday 25th July: B1 exams (12 to 15 years old)
- Thursday 27th July: B2 - FIRST exams (from 16 years old)

Sports:

Throughout the Summer Camp 2017 we will have a *Sports Campus* with football, basketball, baseball, handball, hockey and badminton, all of them adapted to their ages. On 11th July we will participate in the Summer Sport Olympics for parents and children.

Of course, we will also have swimming classes, as we consider them necessary for their comprehensive training. We invite you to attend to the demonstrations that will take place on 27th and 28th July.

Other workshops and trips:

Depending on their age, different activities are proposed such as personal aesthetics, dancing, theatre, recycling, videogame competition, lan party, kenex, lego, sport and hiking trips, trips to the beach, paddle-surf, etc. Here in this dossier you will find all the detailed information according to age groups.

A 3-week stay abroad is also proposed for July - Passport to Ireland. Ask us for information if you are interested.

The **prices** for the **Summer Camp 2017** are the following:

Mornings: 90€/week
